Bariatric SPHM: The Evidence

May 11th, 2016
@ 2:00 PM Eastern
(60 minutes)

**1 Contact
Hour**

ASPHP Members:
\$25.00

Non-Member:
\$75.00

*Upon completion of this webinar
the participants will be able to:*

- ✓ Quantify the prevalence of Obesity in the US and globally.
- ✓ Explore the physical risks of manually handling patients of size.
- ✓ Calculate the economic costs of common handling tasks.
- ✓ Identify SPHM strategies to address four common handling tasks.

This course specifically addresses new evidence pertaining to the prevalence of obesity, economic and physical issues associated with manually handling, and solutions to some of the more common bariatric handling tasks.
